

OFFICE
OF MAYOR
MATT BROWN

November 16, 2017

The Weather Network: Application Number 3028-0586-5/Consultation Number 2017-365

Please consider this letter my strong showing of support for the renewal of the broadcasting licence for The Weather Network.

This is an invaluable service to all Londoners as we plan our day to day lives. The Weather Network provides accessible, accurate and timely information each and every day.

This means Londoners know what to expect when they send their children off to school or plan a road trip.

As we experience more extreme and threatening weather it is imperative for all citizens to have access to this type of information.

The Weather Network Also provides emergency alert systems, which are a necessity should we find ourselves in an emergency situation.

Please allow the Weather Network to remain available to all cable subscribers.

Sincerely,

Mayor Matt Brown
