**Re: Letter of Support – Keep The Weather Network Available**

Dear Mr. Eby:

City Council at its meeting held on December 20, 2010 passed the following motion:

**“THAT City Council hereby directs staff to submit a letter to the Canadian Radio-Television and Telecommunications Commission (CRTC) in support of keeping The Weather Network on basic cable.”**

The City of Owen Sound continues to support keeping The Weather Network on basic television service. Please feel free to include this letter with your renewal application.

Sincerely,
