RE: Letter of Support for The Weather Network  
Application No. 2017-0586-5  
Consultation Number 2017-365

Please be advised that the Council of the Corporation of the Municipality of Northern Bruce Peninsula supports the broadcasting licence of The Weather Network. We recognize the important role that The Weather Network plays in this community. Remaining available in the basic television service package is of paramount importance.

The service that The Weather Network has provided to the country including its national emergency alerting system cannot be overlooked for funding.

Thank you for taking the time to review and consider this letter of support.

Yours truly,

Mary Lynn Standen  
Clerk
