Re: Broadcasting Notice of Consultation CRTC Application #2017-0596-5 by Pelmorex Weather Networks Inc. to renew the licence of The Weather Network/MétéoMédia

The AMA Driver Education Fleet Safety Services is a not for profit organization and part of the Canadian Automobile Association (CAA), the AMA is a membership organization. Since 1926, AMA has provided an extensive and superior range of products and services promoting quality service, safety and protection.

We support the Weather Network's application to remain on the basic television service for the next seven years.

There are many reasons why The Weather Network's presence on the basic television service is essential for our organization and members.

- The Weather Network has some of the latest information on active weather situations so we can stay safe when traveling.
- The Weather Network makes an invaluable contribution to the safety of Canadians by operating the backbone infrastructure of the national emergency alerting system.
- The Weather Network is more of a public service than it is a normal TV channel. One of the many ways it earns this mandate is by going above and beyond what other broadcasters do to assist organizations like ours [explain].

Sincerely,

A handwritten signature in black ink that reads 'Ron Wilson'.

Ron Wilson
