Dear CRTC:

This is to advise that at the Village of Pemberton Regular Council Meeting No. 1458, held Tuesday, October 17, 2017, Council received correspondence concerning the CRTC's upcoming review of the broadcasting licence of The Weather Network. Subsequently, Council discussed and passed the following resolution:

**THAT** a letter of in support of The Weather Network's application to the CRTC be provided.

**CARRIED**

In this regard, the Village of Pemberton wishes to express our support for The Weather Network's application to remain as part of the basic television service package. The safety, environmental and local forecast information provided by The Weather Network television service is a valuable source of information for many residents living in rural areas such as our own, where access to internet connections can often be limited.

Thank you for considering our feedback regarding the above-noted application and consultation numbers. Please feel free to contact our office should you require any additional information.

Sincerely,
