RE: CRTC application number 2017-0586-5; and Consultation number 2017-365

To whom it may concern,

On behalf of the Township of North Glengarry, I would like to offer this letter of support to the Pelmorex Weather Networks for the CRTC to consider in understanding the important role The Weather Network plays in providing safety, weather and environmental information programming that helps Canadians plan and stay safe. Unlike any other broadcaster, The Weather Network provides a custom local forecast to TV subscribers in more than 1,000 communities across Canada. Remaining available on the basic television service will allow them to continue to serve and be available to all Canadians. It will also allow them to continue funding and maintaining the backbone infrastructure of Canada's national emergency alerting system.

Please accept this letter as our full support for this renewal application for the weather network.

Sincerely,

Chris McDonnell
Mayor
