Canadian Radio Telecommunications Commission (CRTC)
Ottawa, Ontario

November 10, 2017

Re: The Weather Network

It is my understanding that the CRTC has opened a public consultation into the broadcasting license renewal for The Weather Network to determine if the service will remain available to all Canadians as part of the basic television service.

The municipal council of the Hamlet of Chesterfield Inlet discussed this at the regular council meeting on November 6/17 and passed motion #161/17 supporting The weather Network to remain as part of the basic television service.

The basic reason for this support is that the individuals who use this service the most are the elders in our community. The elders are the group with the least access to the internet and the group that use the local Co-op cable system the most.

I trust that the CRTC will keep our elders in mind when making their decision.

Respectfully Yours

Simeonie Sammurtok
Mayor
Chesterfield Inlet
Nunavut

c.c. The Weather Network
